

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY
WASHINGTON, D.C. 20460

OFFICE OF
PESTICIDES AND TOXIC SUBSTANCES

Barton Gilbert, President
General Environmental Science
P.O. Box 22294
Beachwood, OH 44122

Dear Mr. Gilbert:

This letter is in reply to the fax of July 9, 1992 from Rose Pongornis of your company. We have reviewed the submitted information in collaboration with the Herbicide/Fungicide Branch and determined that none of the treatments constitute a pesticidal use. Therefore, LLMO System Products do not need to be registered by the Environmental Protection Agency. This decision is consistent with the Agency's prior determination of non-pesticide status dated April 27, 1976.

Sincerely,
